U.S. CITIZENS PUBLIC DOCKET DATABASE

US Citizens Public Docket Database is a Citizens Controlled Docket in which Americans have access to post verifiable incident reporting held perpetually and infinitely sorted for the sake of truth in public record and whose data is touted to Funding Decision Makers; Legislators, Law Schools, Business Schools, Court Reform Groups, Society Preservation Groups, Grassroots Community Development Groups, Think Tanks, United States Department of Justice, President's Whitehouse Executive Officers, Military and Defense decision makers; Science and Space Travel industries decision makers, Universities, Technology students, healthcare professionals including and especially addiction and twelve step recovery groups; authors radio and television show hosts engaged in discussion debate or analysis of issues which impact the U.S. Citizens Public Docket Database recorded and publicly viewable, publicly growing and publicly controlled Child Slaughter U.S. Economy Fraud Court Reform State of Emergency.

Qualified Litigation and Accounting industry professionals are now able to see, measure and accommodate a population of claimants who, traditionally, would never have thought to call a civil rights, intellectual property, personal injury, ethics, class action law firm or audit accounting firm for a consultation; having been systematically taken advantage of and ripped off for unearned retainer fees at the child custody support evaluator domestic relations family courts levels of a U.S. Economy Fraud Court of Common Pleas Family Court level. U.S. Citizens Public Docket Database prototype is demonstrated to accommodate the Pro Se CPS Corruption in Government American Family Victim whose verified accurate complaints and exhibit proofs are systematically censored by subjective colleague-protecting dockets controlled by Family,

Superior, Supreme and United States District (Federal) courts in systematic abuse of 1983 Civil Rights Act and Judicial Conduct Canon 2(B) Outside Relationships.

HireLyrics is ten+ years (launched June 23, 2000) demonstrated invention of business method that provides standard access to those administrative services that when rendered contingently cause fair entry into competitive quality of life impacting industries to enable exposure and earnings opportunities for a previously unseen unmeasured un-accommodated Worldwide Population of Disadvantaged Creators. HireLyrics standard access mechanism has recorded the existence, characteristics, features attributes and challenges of a demographic of Disadvantaged Creator Population. American Families Victimized by CPS Corruption in Government are creators of U.S. Economy Careers and Product Contributors who are missing from U.S. Economy enriching industries and showing up in U.S. Economy depleting industries because the CPS Corruption in Government American Family is disadvantaged for fairly entering the Litigation industry for protecting rights of ownership to life, liberty and property.

HireLyrics standard access mechanism to legal administrative assistant services for the standard presenting CPS Corruption in Government Victim Claimant has evolved Pro Se Document Production Administrative Tools developed especially for the American Family victim of CPS corruption who needs litigation referral to qualified ethical no nonsense legal industry professionals including civil rights, ethics, intellectual property, personal injury and wrongful death, class action and audit professionals.

Guiding Principles Court Reform Disclosure - Our civil rights laws and principles are at the core of our nation. Our country grows stronger when all Americans have access to opportunity and are able to participate fully in our economy. The Constitution of the United States of America is the supreme law of the United States. Empowered with the sovereign authority of the people by the framers and the consent of the legislatures of the states, it is the source of all government powers, and also provides important limitations on the government that protect the fundamental rights of United States citizens. – Ethics page Whitehouse.gov

U.S. Citizens Controlled Public Incident Report Docket Database Rationale Statement: Because the financial incentives caused by the 1984 CPS laws have systematically poisoned Family Courts nationwide, some American families victimized by Corruption in Family Courts and Department of Human Services believes a strategic administrative response will offer pro se documents which measure the synergy between the corrupt family courts, lower jurisdiction law enforcement, the appeals courts and the federal courts and eventually U.S. Supreme Court.

A systematic US Economy and Family Quality of Life Destroying mechanism is identified by a standard presenting internet technology enabled population of Corruption in Government CPS victims who are real flesh and blood human beings, disadvantaged for protecting American families' constitutional rights to stop the consumption of America's human resources (children of all ages) by criminals bearing titles of Esquire, Judge and Social Worker, who siphon good willed Recovery Act Stimulus money from federal and state funded agencies, courts and law enforcement to divert would be US Economy contributors away from economy enriching industries of education, litigation, entertainment, science, military defense, medicine, engineering, community development to pedophilia, sex entertainment, social security disability, wrongful death, child rape, neurosis and self inflicted injury caused by parent alienation syndrome, auto accident, drowning, torture, addiction and alcoholism...

HireLyrics believes that an attack which is identified as mechanical enabled by systematic administration and misadministration requires a mechanized administrative response. Tracking, logging and publicly reporting the case management disposition of CPS victims pro se documents production will enable
